## IN MEMORIAM

This annual report of the Town of North Hampton is dedicated to the memory of two Ladies whose presence will long be remembered for their various contributions to our Town.

Helen B. Simmons, whose kindness and friendship, over the span of many years, meant so very much to so many people within our community. This was but one of her many attributes. As an Ambulance Volunteer, Helen dedicated herself unselfishly to the needs of others.

Mary E. McDermott, as both a staff member and volunteer, in recognition of her many years of dedicated service to the Town Library. Mary will always be remembered for her smile and for being so thoughtful, helpful and cheerful as she went about her duties at the Library.

## SELECTMEN'S ANNUAL REPORT TO THE TOWN

Receipt of this years tax bill has caused concern among many of our citizens and an explanation is in order.

In 1989 the Town changed its fiscal year. That required an eighteen month Town budget which brought the Town in line with the school fiscal year, a stated objective of the planned change. Authorization for this was received by vote of the Town in 1988, during the Annual Town Meeting. A second article that year also authorized the semi-annual collection of taxes. The stated intention at the time was to bring the Town into a pre-pay tax collection mode. Early on in 1989, the Selectmen were faced with a difficult decision. Two options were discussed, the first being to collect all eighteen months of Town tax, plus twelve months of school and County tax in December of 1989 and further obligate the taxpayer to pay an additional one half of that tax in June 1990, in order to achieve the prepay tax collection mode. At the time the Selectmen felt that such action would create an undue burden on the taxpayer especially the elderly residing within the community. The second option was to do what the City of Portsmouth did some years ago. That was to divide the (1989) tax obligation, including the eighteen months of Town budget into three separate billings, resulting in the third payment being due June 1, 1990. The Selectmen chose the latter option. That decision was consistent with accepted accounting principles as evidenced by the manner in which the tax rate was set by the Department of Revenue Administration. The pre-pay tax collection mode, however, was not realized and the illusion of a tax reduction was evident by spreading the twelve month tax year over an eighteen month period. It should be pointed out that at the time the decision was made the economy was beginning to show signs of a downturn.

You know how the sayings go, hindsight is 20/20, and the best laid plans of mice and men etc; it is certainly changeable, and there are

various options available which can be discussed at this years Town Meeting.

Please understand also that the tax increase incurred this year, under the current 1990 - 1991 operating budget, reflects the appropriations, voted on and approved, at last years Town Meeting. That final line appropriation reflected an increase of several thousand dollars above the Budget Committee recommendations. By no means was the prior eighteen month budget the sole contributor to the recent increase in taxes. As a footnote to all of this, the Selectmen's responsibility is to oversee the prudent expenditure of these Town appropriations.

The construction of the new police station is now complete and the facility is operational. The Selectmen are pleased to report that this Capital Improvement Project came in well under the projected budget. We have been able to achieve a net savings of \$82,000.00, which represents 12.5% below the approved Town Bond appropriation of \$654,500.00. Seventeen general contractors bid on the project. The selection process was most interesting and very much a learning experience. The Selectmen are very pleased with the results and we hope that the townspeople will feel the same. The biggest plus is the second floor which due to the construction design of the building sets aside approximately 3700 square feet of additional space for the future use of the Town. Our congratulations to both the project general contractor, R.M. Rouleau & Sons, Inc. and Correll Associates, Architects, for an outstanding job and a special thank you for their shared gift to the Town, the new fence in front of the Police Station, which is pictured on the front cover of this years annual report. Thank you also to Dorothy and Paul Hobbs for allowing the Selectmen to use trust fund money set aside for beautification purposes for the new weather vane which adorns the roof of the new facility.

Our Town employees are to be particularly commended for a job well done. They all approach

their assigned duties in a very professional manner. The Department Heads have taken particular pains to remain within their budgets. The spirit of cooperation demonstrated by all is most gratifying.

In closing we wish to thank the many Boards, Commissions, and Committees who work so long and hard for the greater benefit of our Town. Without their dedication the Town could not function properly. These citizens are in large part responsible for making North Hampton such a desirable place in which to live.

The Selectmen, wish all the best for the coming year.

Richard J. Lynch  
Chairman  
for the Selectmen

## ARTICLE 7.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS:

To see if the Town will vote to amend, Article III, Section 302 (DEFINITIONS) by the following action:

Section 302.41 "41. Group Day Care: A child care facility taking care of more than six children on a full-time basis by at least two caregivers that is licensed by the Bureau of Child Care Standards & Licensing, Division of Public Health Services of the N.H. Department of Health and Welfare."

To see if the Town will vote to amend Article IV, District Regulations, Section 405, of the Zoning Ordinance by adding "Group Day Care" as a permitted use in the Industrial-Business/Residential District.

## ARTICLE 8.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

To see if the Town will vote to add a new Section 414, (Water Resources and Aquifer Protection) by the following action:

414.1 Statement of Policy. It shall be the policy of the Town of North Hampton to protect the quality of all water supplies within Town boundaries, especially on or near known aquifers and primary recharge areas.

414.2 Definitions. For the purposes of this section, toxic or hazardous materials shall be defined as any substance or mixture of such physical, chemical, or infectious characteristics as to pose a significant, actual or potential hazard to water supplies, or other hazard to human health, if such substance were discharged to land or waters of this town. Toxic or hazardous materials include without limitation all volatile organic chemicals, petroleum products, heavy metals, radioactive or infectious waste, acid and alkalis, and include products such as pesticides, herbicides, solvents and thinners and such other substances as defined in New Hampshire Water Supply and Pollution Control rules (He-P 1901.03(v)) and in the 40 CFR 261, as amended, whichever is more restrictive.

414.3 Use Regulation.

(a) In all zoning districts, all runoff from impervious surfaces shall be recharged on the site and only minimum use shall be made of de-icing chemicals on all private and public roads and parking lots. Compounds used shall be free of sodium and chloride to the maximum extent possible.

(b) Prohibited Uses. The following uses are prohibited within the Town of North Hampton:

- The installation of underground tanks for storage of oil and petroleum products for residential purposes;
- The installation of underground tanks for storage of oil and petroleum products for non-residential purposes, unless that tank is subject to regulation under New Hampshire Code of Administrative Rules, Part Ws 411;
- Disposal of liquid or leachable waste (except from residential sub-surface disposal systems, or State approved commercial or industrial systems which discharge human waste only);
- Outdoor unenclosed or uncovered storage of road salt and other de-icing chemicals;
- Dumping of snow from outside of town boundaries if it contains road salt or de-icing chemicals;
- Injection wells that dispose of waste in the ground;
- Disposal of solid waste other than brush and other wood products.

(c) Conditional Uses. The following uses are presumed to be toxic or hazardous to ground water quality and will be permitted only if and to the extent that anyone proposing to engage in any such activity can demonstrate the contrary to the Planning Board. These uses, if allowed in the underlying zoning districts, are permitted only after a Conditional Use Permit is granted by the North Hampton Planning Board.

- Junk and salvage lots;
- Chemical and bacteriological laboratory operation;
- Dry Cleaning;
- Electronic circuit manufacturing;
- Metal plating, finishing, and polishing;
- Motor and machinery service and assembly;
- Painting, wood preserving and furniture stripping;
- Photographic processing;

- Printing;
- On-site handling, disposal, discharge, storage, processing or recycling of toxic or hazardous materials, including bulk storage of toxic materials for resale or distribution (except for routine delivery of heating oil);
- Industrial processes which discharge contact type process waters on site;
- Commercial animal feed lots;

(d) Standards and Conditions. After the requirement of Section 414.3 (c) have been met, the Planning Board may grant a Conditional Use Permit for any of the above uses, only after written findings of fact are made that all of the following are true:

1. The proposed user will make use of the best feasible technology to prevent any dangerous or hazardous impacts resulting from the proposed use, including but not necessarily limited to such impacts as the discharge or loss of hazardous materials resulting from corrosion, evaporation, accidental damage, spillage or vandalism.
2. The proposed use(s) will not detrimentally affect the quality of the water either by directly contributing to pollution or by increasing the long term susceptibility of the water to potential pollutants.
3. The proposed use will not cause a significant reduction in the long term volume or quality of water contained in the aquifers or in the storage capacity of any known aquifers over which the proposed use may be located.

**414.4 Planning Board Authority.** The Planning Board may require that the applicant provide data or reports prepared by a professional consultant qualified to assess any potential damage to ground water that may result from the proposed use. At the applicant's expense, the planning board may engage such professional assistance as it requires to evaluate adequately such reports and to

evaluate, in general, the proposed use in light of the above criteria. The planning board may attach to such permit any reasonable conditions for construction and/or operation, including inspections by the Building inspector, or any other agent designated by the Planning Board, to assure continued compliance with the conditions under which the approval was granted. A fee for inspection shall be charged to the owner according to a fee schedule determined by the Selectmen.

**Effective Date.** This section shall become effective upon date of passage.

## ARTICLE 8.

ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

To see if the Town will vote to add a new Section 414, (Water Resources and Aquifer Protection) by the following action:

414.1 Statement of Policy. It shall be the policy of the Town of North Hampton to protect the quality of all water supplies within Town boundaries, especially on or near known aquifers and primary recharge areas.

414.2 Definitions. For the purposes of this section, toxic or hazardous materials shall be defined as any substance or mixture of such physical, chemical, or infectious characteristics as to pose a significant, actual or potential hazard to

water supplies, or other hazard to human health, if such substance were discharged to land or waters of this town. Toxic or hazardous materials include without limitation all volatile organic chemicals, petroleum products, heavy metals, radioactive or infectious waste, acid and alkalis, and include products such as pesticides, herbicides, solvents and thinners and such other substances as defined in New Hampshire Water Supply and Pollution Control rules (He-P 1901.03(v)) and in the 40 CFR 261, as amended, whichever is more restrictive.

#### 414.3 Use Regulation.

(a) In all zoning districts, all runoff from impervious surfaces shall be recharged on the site and only minimum use shall be made of de-icing chemicals on all private and public roads and parking lots. Compounds used shall be free of sodium and chloride to the maximum extent possible.

(b) Prohibited Uses. The following uses are prohibited within the Town of North Hampton:

- The installation of underground tanks for storage of oil and petroleum products for residential purposes;
- The installation of underground tanks for storage of oil and petroleum products for non-residential purposes, unless that tank is subject to regulation under New Hampshire Code of Administrative Rules, Part Ws 411;
- Disposal of liquid or leachable waste (except from residential sub-surface disposal systems, or State approved commercial or industrial systems which discharge human waste only);
- Outdoor unenclosed or uncovered storage of road salt and other de-icing chemicals;
- Dumping of snow from outside of town boundaries if it contains road salt or de-icing chemicals;
- Injection wells that dispose of waste in the ground;

- Disposal of solid waste other than brush and other wood products.

(c) Conditional Uses. The following uses are presumed to be toxic or hazardous to ground water quality and will be permitted only if and to the extent that anyone proposing to engage in any such activity can demonstrate the contrary to the Planning Board. These uses, if allowed in the underlying zoning districts, are permitted only after a Conditional Use Permit is granted by the North Hampton Planning Board.

- Junk and salvage lots;
- Chemical and bacteriological laboratory operation;
- Dry Cleaning;
- Electronic circuit manufacturing;
- Metal plating, finishing, and polishing;
- Motor and machinery service and assembly;
- Painting, wood preserving and furniture stripping;
- Photographic processing;
- Printing;
- On-site handling, disposal, discharge, storage, processing or recycling of toxic or hazardous materials, including bulk storage of toxic materials for resale or distribution (except for routine delivery of heating oil);
- Industrial processes which discharge contact type process waters on site;
- Commercial animal feed lots;

(d) Standards and Conditions. After the requirement of Section 414.3 (c) have been met, the Planning Board may grant a Conditional Use Permit for any of the above uses, only after written findings of fact are made that all of the following are true:

1. The proposed user will make use of the best feasible technology to prevent any dangerous or hazardous impacts resulting from the proposed use, including but not necessarily limited to such impacts as the discharge or

loss of hazardous materials resulting from corrosion, evaporation, accidental damage, spillage or vandalism.

2. The proposed use(s) will not detrimentally affect the quality of the water either by directly contributing to pollution or by increasing the long term susceptibility of the water to potential pollutants.

3. The proposed use will not cause a significant reduction in the long term volume or quality of water contained in the aquifers or in the storage capacity of any known aquifers over which the proposed use may be located.

**414.4 Planning Board Authority.** The Planning Board may require that the applicant provide data or reports prepared by a professional consultant qualified to assess any potential damage to ground water that may result from the proposed use. At the applicant's expense, the planning board may engage such professional assistance as it requires to evaluate adequately such reports and to evaluate, in general, the proposed use in light of the above criteria. The planning board may attach to such permit any reasonable conditions for construction and/or operation, including inspections by the Building inspector, or any other agent designated by the Planning Board, to assure continued compliance with the conditions under which the approval was granted. A fee for inspection shall be charged to the owner according to a fee schedule determined by the Selectmen.

**Effective Date.** This section shall become effective upon date of passage.

#### ARTICLE 11. PETITION UNDER RSA 675:4

(NOT RECOMMENDED BY THE PLANNING BOARD)

On petition of Louis A. Datilio, and more than 10 other registered voters of the Town of North Hampton, to see if the Town will vote to amend the Zoning Ordinance, Article IV, Section 405, Permitted Uses: (R-3 Low Density District), by the following action; to add to the list of permitted uses in that District, "7. Public, Parochial and Private Schools, Academies and Sport Training Facilities for children."

YES 215 NO 392 ARTICLE DEFEATED

"Protest Petition", Article 11.  
February 28, 1990

Town of North Hampton  
Board of Selectmen  
Richard Lynch, Chairman  
North Hampton, N.H. 03862

Dear Mr. Lynch:

In accordance with the provisions of RSA 675:5, we hereby submit a petition in protest of the proposed Zoning Ordinance amendment to add "Public, Parochial and Private Schools, Academies, and Sports Training Facilities for Children" as permitted uses in the R-3 District.

The Citizen's Petition to place this item on the ballot for the Annual Town Meeting was initiated by the owner of the gymnastics facility on 67 Winnicut Road, L. A. Datilio. L. A. Datilio and his legal representative presented this petition, as the initiators, at the Planning Board meeting held on February 5, 1990.

L. A. Datilio had attempted to expand his gymnastics facility but was twice denied by the Zoning Board of Adjustment. The existing facility far exceeds the home occupation that was originally allowed through a special exception. The majority of the abutters have objected to the expansion of this business operating in a residential area. This proposed amendment is the latest attempt to secure this expansion. If this amendment were approved, the expansion would be allowed, as the amendment has no restrictions.

The abutters to this facility would be directly affected. The persons signing this petition represent more than 20 percent of the owners of the area within 100 feet immediately adjacent to the area affected by the change or across a street from such area. (RSA 675:5, I.-a(b))

We also urge you and ask you to urge other citizens of the Town to vote against this proposed

amendment. This amendment could result in a drastic change to the Town's character, in that it would:

bring additional building pressure on the district that contains vast amounts of wetlands and is the least suitable for intensive development,

detrimentally affect property values,

violate the spirit and intent of the Zoning Ordinance and Master Plan,

allow businesses (private schools, academies and sports training facilities) in residential area,

allow the building of almost anything that could call itself a "private school", (e.g. truck driving "school", auto repair "school", excavating "school", etc.).

Since the amendment calls for these activities to be permitted uses, any individual, organization or sect, having enough land, could construct a building and operate it without restriction on size, hours of operation, level of activity, or anything else.

The proposed amendment was not recommended by the Planning Board by a unanimous vote.

March 20, 1990

Moderator Cuetara called the recessed meeting to order at 7:30 p.m., to discuss the remaining articles.

**ARTICLE 14.                      CONSERVATION COMMISSION**

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the gross sum of \$40,000.00 for the purchase of land through the Conservation Commission to be used only for acquisition in the name of the Town of the fee or lesser interest in conservation land and other costs associated therewith for permanent conservation use, and authorize the Selectmen to apply for and accept state matching funds under the New Hampshire Land Conservation Investment Program, RSA 221-A in the amount up to \$20,000.00 for the same purpose. Said appropriated funds may be expended by majority vote of the Conservation Commission.

A motion was made by Dick J. Wollmar, Conservation Commission Member, to amend the amount of \$40,000 to \$25,000 and the \$20,000 amount to \$12,500. The amendment was seconded and discussion followed. The moderator then called for a vote on the amendment, hand vote, amendment passed. The moderator then read Article 14, as amended. Motion was made and seconded to accept Article 14.

Vote was by a show of hands.

ARTICLE 18.

AREA HOMEMAKER HOME HEALTH AIDE SERVICE, INC.

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of \$2500.00 to assist in defraying the expenses expected to be incurred in North Hampton during the 1990-91 fiscal year by the Area Homemaker Home Health Aide Service, Inc. A non-profit and volunteer organization within the Town whose purpose is to help people remain independent in their homes with dignity and happiness as long as possible, thereby avoiding the higher costs associated with institutionalization, all in accordance with a request in writing presented to the North Hampton Board of Selectmen, dated October 9, 1989.

Mrs. Jean Robinson made a motion to accept this Article as read, seconded by Mr. Lynch. Mr.

Kelleher then made a general statement regarding Articles 18, 19, 20, 21 and 22 why they are all not recommended by the budget committee. Discussion followed.

HAND VOTE - ARTICLE PASSED

ARTICLE 19. CROSS ROADS HOUSE

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

On petition of Barbara E. Hudson and 15 other legal voters of the Town of North Hampton, to see if the Town will vote to raise and appropriate the sum of \$2,500.00 to assist Cross Roads House Inc., a non-profit organization, in providing emergency shelter and transitional housing services to the area's homeless population.

Ms. Barbara Hudson made a motion that Article 19 be accepted as read, seconded by Mr. Lynch. Discussion followed.

HAND VOTE - ARTICLE PASSED

ARTICLE 20. SEACOAST HOSPICE

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of \$1480.00 to assist in defraying the expenses expected to be incurred in North Hampton during the 1990-91 fiscal year by the Seacoast Hospice, a non-profit and volunteer organization operating within the Town whose purpose is to help the terminally ill and their families. The main goal is to assist the family as the primary care unit and to help the patient live as full a life as possible, all in accordance with a written request, addressed to the North Hampton Board of Selectmen, dated December 12, 1989.

Mr. Gamlin made a motion that Article 20 be accepted as read, seconded by Mr. Lynch. Discussion followed.

ARTICLE 21. AMERICAN RED CROSS

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of \$300.00 to assist toward the operating cost of an Emergency Van for the Seacoast Red Cross. The van will enable this agency to provide better service to the residents of the Town of North Hampton in the event of a fire or other disaster. At the present time 22 communities are serviced by the Chapter, all in accordance with a written request addressed to the North Hampton Board of Selectmen, dated January 2, 1990.

Mr. Lynch made a motion that Article 21 be accepted as read, seconded by Mr. Gamlin. Discussion followed.

HAND VOTE - ARTICLE PASSED

ARTICLE 22. ROCKINGHAM COUNTY NUTRITION PROGRAM

(NOT RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of \$275.00 to assist in defraying the cost of providing meals to North Hampton's older and handicapped residents; all in accordance with a written request, addressed to the Board of Selectmen, dated October 17, 1989.

ARTICLE 23. CAPITAL RESERVE #7

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to discontinue CAPITAL RESERVE FUND #7 - School Buildings,

(REPAIR & RENOVATION), as it is no longer used or needed. The fund consisting of \$51.59 principal plus income, and any and all additional accrued interest, shall be returned to the general funds of the Town.

Mr. Gamlin made a motion that Article 23 be accepted as read, seconded by Mr. Lynch.

HAND VOTE - ARTICLE PASSED

## ARTICLE 24. MASTER ARTICLE

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of \$2,610,113.56, which represents the bottom line of the posted budget (MS-7). Said sum is exclusive of all special articles addressed.

Mr. Kelleher made a motion that the town raise and appropriate the sum of \$2,610,113.56 exclusive of all special articles addressed, seconded by Mr. Lynch. He then explained, before reading the budget line by line, that there was a clerical error in the Fire Department's recommended amount. It should read \$625,556 instead of \$615,211. The not recommended amount should read \$23,545 instead of \$33,890

The Moderator reviewed the procedure for discussing the budget. Mr. Kelleher began to read the budget line by line. There was discussion on the police department budget. Discussion on recycling item showed that the town had received a check from the State in the amount of \$6,956. Mr. Bud O'Connor made a motion, seconded, to increase the recycling recommended amount from \$18,367 to \$25,323, the amount of the check.

HAND VOTE - AMENDMENT CARRIED

Next discussion on "parks and recreation". Ms. Jill Brandt made a motion to increase this line item amount from \$28,680 to \$31,320. Seconded.

Discussion followed. Mrs. Brandt said this amount \$2,640 would be for a part-time recreation director.

HAND VOTE - YES 69 NO 66

AMENDMENT CARRIED

Next discussion was on "insurance". Mr. Lynch made a motion to amend the recommended amount by an increase of \$7,500, \$153,218 to \$160,718, was made and seconded. After discussion, there was a hand vote which ended in a tie, 61-61. The Moderator stated that he had the power to decide the tying vote but declined to do so as he felt the people should decide on this amendment. Mr. Kelleher made a motion to reconsider this amendment, seconded by Mr. Lynch. Motion to reconsider passed on a hand vote.

HAND VOTE - YES 74 NO 70

AMENDMENT CARRIED

Mr. Kelleher then proceeded to read the bottom line budget amount of \$2,627,209.56. Nancy Beveridge made a motion to amend the bottom line budget by decreasing the amount 2%. Motion was seconded by Mr. Harlan Carter. Discussion followed. The Moderator called for a hand vote on the amended amount.

HAND VOTE - AMENDMENT DEFEATED

Moderator Curtara then called for a vote on the budget as amended to \$2,627,209.56.

## ARTICLE 33.

To transact any other business that may legally come before this meeting.

The Moderator wished to thank the counters at the meeting, Mr. Roger Rice and Mr. William McConnell. Also, Town Clerk Delores Chase asked him to recognize Mrs. Minnie Drysdale who has served as a ballot clerk and has resigned after 31 years of service to the Town of North Hampton. We thank her very much.

The Moderator then recognized Mr. Lynch, Chairman of the Selectmen, who wanted to recognize the people on the Recycling Committee for their hard work this year in getting this program started. The members are: Ralph "Bud" O'Connor, Chairman, Phebe P. Mixter, Marie L. Gainer, Katherine H. Southworth, James R. Colcord and Larry Daland, Selectman Representative.

Also, Mr. Lynch wanted to recognize the job done by the North Hampton Master Plan Committee: Allen Hines, Chairman, Stanley Knowles, Thomas Fabisak, Mary Herbert, Craig Kelleher, Marion Barron, Robert Dunkle and Richard Shea.

Lastly, Mr. Lynch thanked Mr. Larry Daland, former selectman, for an outstanding job. "He was our choice and was appointed to fill out the term of Shaun Berry. He took the "bull by the horns" and was totally dedicated and interested in the Town of North Hampton. We thank him very much."

"We also welcome Richard Crowley as our new selectman and look forward to working with him in the future."

The Moderator seeing there was no other business adjourned the 1990 North Hampton Annual Meeting at 11:45 p.m.

Respectfully submitted,

Delores J. Chase,  
Town Clerk  
Town of North Hampton

**REPORT OF THE TRUSTEES  
OF THE  
NORTH HAMPTON LIBRARY**

The North Hampton Library Trustees bring this year to a close with a great deal of satisfaction and pride.

Our circulation shows an increase in both the adult and children's sections. Our children's programs have been enthusiastically received. We are pleased that the close working relationship between our children's librarian, Beverly Vetter, and the school librarian, Linda Sherouse, was recognized as a model to other districts. They were invited to share with other librarians some of the activities they had worked on together.

In the spring we enjoyed the opportunity to honor our valuable and faithful volunteers. Their support is very important to handling the many jobs necessary to run the library. We were recently greatly saddened by the death of Mary McDermott who volunteered her services for so many years. Her cheerful voice and her friendly guidance will be missed.

Last spring Susan MacDonald resigned due to job commitments. We were pleased to appoint Dick LeClair to fill her vacancy.

The crises in the Middle East prompted us to take a careful look at our library building. The library trustees felt it was necessary to insulate as much of the building as we could afford this year. We used the monies accumulated from the trust funds and completed two thirds of the project.

The trustees are very grateful and appreciative of the excellent job Pam Schwotzer, our head librarian does running the library. North Hampton's library is an exciting place to visit and we hope you will come and enjoy the newspapers, periodicals, books and videos we have to offer.

**TOWN OF NORTH HAMPTON  
POLICE DEPARTMENT**

The Police Department would like to take this opportunity to thank its many supporters over the year 1990. We are especially grateful and proud of our new building. For any who missed our open house please feel free to stop in and have a tour of the facilities.

We want to especially thank:

The North Hampton Women's Club for their generous donation which was used to purchase a camera for the booking room.

North Hampton Acers for their gift of a refrigerator for the locker room.  
Mr. & Mrs. Silver of Silver & Sontz for the 24 hour ships clock they donated.

Dr. Eric Simmons for the two clocks he made and donated and  
The generous donation from the Robert Levine Family who are new residents on Pond Path.

We are still experiencing an increase in businesses, from 366 in 1989 to 377 in 1990. This generates more traffic, more people and more problems. We are also experiencing burglaries and thefts and would urge everyone to report any suspicious activity in their neighborhoods at any time day or night.

We again were selected by New Hampshire Safety Agency to participate in their Driving While Intoxicated Program, where for 26 weekends we add another cruiser unit to our highways to combat the problem of the drunk driver. The program was very effective and is fully funded by the Highway Safety Agency.

This department and the Sheriff's Department again this year went to the elementary school with the Officer Phil program.

I would like to thank the various boards, department heads, Selectmen and community for their support. It is very essential in the effective operation of any department. We again urge you to express your ideas on safety to the various departments and boards so we may all work together to make our community a safe place to live.

Respectfully submitted,

Bruce I. Golden, Chief

**TOWN OF NORTH HAMPTON  
FIRE DEPARTMENT**

In the past year the Fire Department responded to 435 emergency calls. These include 62 reported structural fires, 15 mutual aid calls, 10 automobile fires, 31 motor vehicle accidents, 66 miscellaneous calls and 9 grass and woods fires. In addition we completed 52 inspections, 33 public assists and 240 ambulance calls. The department also supplied technical assistance regarding code enforcement, building construction and safety.

In an effort to keep up with the increasingly technical nature of the fire service and pre-hospital care, the department has continued to expand training. Our people have invested hundreds of hours of class room and practical hands on instruction in the areas of fire science, fire prevention, electrical and hazardous materials emergencies and life safety, on and off the fire ground.

Personnel have shown tremendous initiative by becoming involved with Exeter Hospital's emergency medical services programs. Two of our EMT's have completed and two more are scheduled to attend a Nationally Registered EMT-I course which is comprised of 350 hours of class room instruction, hospital rotations and field internships with paramedic services. Much of this training has been done on personal time and expense. These additional credentials now permit the department to offer advanced life support and technical rescue capabilities.

Again this year I would like to thank the Ladies Auxiliary for their continued support this year. This moral and financial support during the year is an invaluable service to the operation of the department.

As always the department is available to conduct home safety inspections and would be more than happy to answer any questions.

Respectfully Submitted,

Chief Newman Goodwin Jr.

THE STATE OF NEW HAMPSHIRE

TOWN OF NORTH HAMPTON

TOWN WARRANT FOR 1991 - 1992

L.S.

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the School Building on Atlantic Avenue, in said North Hampton on Tuesday, the 12th day of March, 1991, at 10 a.m. in the morning, business meeting to begin at 7:30 p.m., polls to close at 7:30 p.m. and to reopen at the close of the business meeting, remaining open until all who wish to have voted; to act upon the following subjects;

ARTICLE 1.

To choose one Selectman for a term of three years, one Town Treasurer, one Collector of Taxes and all necessary Town Officers for the ensuing years.

ARTICLE 2.

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE 3.

To see if the Town will vote to authorize and empower the Board of Selectmen or a majority of them to sell and convey the real property acquired by the Town by tax

sale/lien, any such sale to be at public auction to the highest bidder.

#### ARTICLE 4.

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year pursuant to New Hampshire Revised Statutes annotated Chapter 31: Section 95-b.

#### ARTICLE 5.

To see if the Town will vote to accept the reports of the Town Officers.

#### ARTICLE 6.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

Amend Section 411 by adding a new sentence that reads as follows:

"For construction of a dwelling unit on lots of two acres or more, there shall be one contiguous acre of non-wetland soils for the site of a house."

#### ARTICLE 7.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE , AS FOLLOWS;

Amend Section 413.1, Historical Sites, by

deleting the last two sentences of the first paragraph and the entire second paragraph and replace the second paragraph with the following:

"413.2

The Planning Board shall set up an Historic District Commission pursuant to RSA 674:46, which Commission shall consist of five members, one from the Planning Board, one from the Board of Selectmen, one from the Conservation Commission, and two appointed by the Planning Board. Up to five alternates may be similarly appointed. Commission members shall serve for a period of three years and the initial terms of members first appointed shall be staggered so that no more than two appointments occur annually.

413.3

The Historic District Commission shall consider those structures or sites in town deemed to be of significant historical or cultural interest, shall make and periodically update an inventory of said structures or sites, and shall then submit same to the townspeople for their consideration at two public hearings.

413.4

If accepted by the Commission, in whole or in part, then said structures or sites shall be declared of historic or cultural interest, and alterations that change their character shall be subject to review by the Commission. However, repairs of any type shall in no way be prohibited. Further, no structure or site shall be included unless it has the consent of the owner."

## ARTICLE 8.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

Amend Section 511, Quarries, Gravel Pits and Sand Pits, to read as follows:

### "Section 511 Excavations

No excavation permit shall be issued except upon application to and approval by the Planning Board. All excavations must meet the requirements and standards of RSA 155:E and the North Hampton Excavation Regulations."

## ARTICLE 9.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

Amend Article III, Definitions, Sections 302.11 by adding to the definition of "Essential Services" the following:

"Installation of all such services must be approved by the Planning Board, or its agent, in regards to scope, aesthetics, location, size and affect on general welfare. Approval may be conditioned upon the limiting of volume and/or units which would affect the future welfare of the town, especially volume of natural resources which are removed from the town by installation of essential services.

No additional quantities of water in excess

of the amount of water capable of being pumped presently, or scheduled to be pumped from wells installed within six months of the effective date of this amendment, shall be conveyed by any means or allowed to be piped for use outside of the Town of North Hampton except by annual permit issued by the Board of Selectmen after Planning Board review; provided however, that on a case by case basis, Selectmen may issue such permit for a period longer than one year, but not longer than twenty years, provided that the applicant shall prove to the Selectmen's reasonable satisfaction that in such case the water use will not exceed the maximum safe yield of the water source, that the water source will not be depleted and that no aquifer, wetland, or other environmental interest will be harmed. Any independent engineering consultants used to verify or confirm the applicants proof and data will be paid by the applicant."

#### ARTICLE 10.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

Amend Article VII Administration by deleting in its entirety Section 701(b), which reads as follows:

"The minimum fee summarized hereafter may be changed by vote of the Planning Board."

#### ARTICLE 11.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING

ORDINANCE, AS FOLLOWS;

Amend Section 702, Zoning Board of Adjustment, to read as follows:

"Section 702 Zoning Board of Adjustment.

Within thirty days after the adoption of this ordinance, the Selectmen shall make appointments to a Zoning Board of Adjustment (ZBA) of five members to serve without compensation. Up to five alternates may be appointed by the Selectmen. The ZBA shall conform in membership and term of office according to the provisions of RSA 673, as amended. The ZBA shall have the powers and duties specifically granted to it under RSA 674:33. The ZBA shall act always subject to the rule that it shall give due consideration to promoting the public health, safety, morals, convenience, and welfare, and conserving property values, that it shall permit no building to use injurious, noxious, offensive odors detrimental to the neighborhood and that it shall prescribe appropriate conditions and safeguards in each case."

## ARTICLE 12.

(ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, AS FOLLOWS;

Amend Section 706 to read as follows:

"Section 706 Fines

Any person violating any of the provisions of this ordinance shall be subject to a fine as provided in RSA 676:17, as amended."

ARTICLE 13. PETITION UNDER RSA 675:4

(ON THE OFFICIAL BALLOT)

(NOT RECOMMENDED BY THE PLANNING BOARD)

On petition of Louis A. Datillio, and at least 25 other registered voters of the Town of North Hampton, to see if the Town will vote to amend the Zoning Ordinance, Article IV, Section 405, Permitted Uses: (R-3 Low Density District), by the following action; to add to the list of permitted uses in that District, "7. Gymnastics - Sports Training Facilities located on parcels of at least 4.0 acres."

ARTICLE 14. COAKLEY LANDFILL

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of NHRSA 35:1 for the financing of Legal and consulting fees, expenses and assessments, associated with the Coakley Landfill and to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000.00) to be placed in this fund and to designate the Selectmen to act as agents to expend.

ARTICLE 15. HIGHWAY TRUCK

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of Fifty Six Thousand Dollars (\$56,000.00) for the purchase of a new Highway Dump Truck (TYPE - 35000 GVW), including a plow and wing assembly and authorize the Selectmen to withdraw, not more than, Thirteen Thousand Dollars (\$13,000.00) from Capital Reserve Fund No. 10, created for

that purpose. The balance of Forty Three Thousand Dollars (\$43,000.00) to come from general taxation.

ARTICLE 16. REAPPRAISAL OF THE TOWN

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of NHRSA 35:1, to raise and appropriate the sum of Thirty Seven Thousand Five Hundred Dollars (\$37,500.00), for the purpose of reappraisal of the Town, starting in 1994, by the Appraisal Division of the Department of Revenue Administration at a total estimated cost of One Hundred Nineteen Thousand Dollars (\$119,000.00).

ARTICLE 17. POLICE CRUISERS

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of Twenty Eight Thousand Six Hundred Dollars (\$28,600.00) for the purchase of two 1991 FORD LTD CROWN VICTORIA POLICE CRUISERS, and to authorize the Selectmen to withdraw, not more than, Seven Thousand Dollars (\$7,000.00) from Capital Reserve Fund No. 6, created for that purpose. The balance of Twenty One Thousand Six Hundred Dollars (\$21,600.00) to come from general taxation.

ARTICLE 18. CONSERVATION COMMISSION

(RECOMMENDED BY THE BUDGET COMMITTEE)

On petition of Nelson J. Burge and 25 other registered voters of the Town of North Hampton, to see if the Town will vote to

raise and appropriate Seven Thousand Five Hundred Dollars (\$7,500.00) for the Town's Conservation Commission Fund as authorized by RSA 36-A:5, to be used only for acquisition, in the name of the Town, of the fee, or lesser interest, for Conservation land and other costs associated therewith, for permanent conservation use. Said appropriated funds may be expended by majority vote of the Conservation Commission.

#### ARTICLE 19. AMBULANCE CAPITAL RESERVE FUND

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a MEDICAL VEHICLE FUND, and to raise and appropriate the sum of six thousand dollars (\$6,000.00) to be placed in this fund.

#### ARTICLE 20. WAR MEMORIAL PLAQUE

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of Eight Hundred Dollars (\$800.00) for the purchase of a memorial bronze plaque suitably engraved with the names of those who died in the service of their country during the Korean and Vietnam Conflicts. Said plaque to be placed on the present Town war memorial, located in front of the Town Office Building, and authorize the Selectmen as the designated agents of the Town to enter into and execute all necessary contractual arrangements to carry out the project.

ARTICLE 21.

MASTER ARTICLE

(RECOMMENDED BY THE BUDGET COMMITTEE)

To see if the Town will vote to raise and appropriate the sum of TWO MILLION EIGHT HUNDRED FIFTY-NINE THOUSAND ONE HUNDRED FORTY-SIX DOLLARS, (\$2,859,146.00), which represents the bottom line of the posted budget (MS-7). Said sum in "exclusive of all special articles addressed."

ARTICLE 22. TOWN COMMON AREA

At the request of the BOARD OF SELECTMEN, to see if the Town will vote, to dedicate the common, located across from Centennial Hall, to the memory of the only resident of the Town to die in the service of his country, during the Vietnam War. Said Common area, henceforth, to be known, as the ROBERT EARNEST SHAW MEMORIAL Common, with the placement of a memorial engraved bronze plaque, at the base of the existing flag pole.

ARTICLE 23.

On the petition of Mark H. Johnson and more than 25 other registered voters of the Town of North Hampton, to see if the Town will vote to convey its unused quarter acre parcel (Map 14 Lot 17) on Birch Road to the North Hampton Youth Association. North Hampton Youth Association ownership of this parcel would formalize legal access to the Knowles Field facility; allow for safety improvements to be made at the entrance/exit on Birch Road, and would allow power and communication lines to be brought into the facility. There would be no cost to the Town.

ARTICLE 24.

To transact any other business that may legally come before this meeting.

Given under our hands and seals this 18<sup>th</sup> day  
of February, in the year of our Lord, Nineteen  
Hundred and Ninety-one.

## Overview of the Proposed North Hampton School District 1991-92 Budget

Preparation of this budget is complex and difficult. It is the School Board's obligation to present an operating budget which adequately reflects the needs of our students and the educational expectations of the community. We are in the midst of an economic slowdown and have been hit (in 1990) with substantial tax increases when we can least afford them. Simultaneously, costs, such as energy costs, insurance rates, contracted services, paper products, etc., continue to increase at rates far in excess of the current cost of living. We required that every expenditure and line item be justified. Please appreciate the difficulty in making many of the reductions, but we feel they are necessary for this budget year. This is a bare-bones budget. Please be aware of what is not included in our budget as well as what is.

### **PROGRAM ENHANCEMENTS** - The following are improvements, not new programs:

1. Reinstatement of minimal consultant services for training for mathematics and computer instruction and for language arts curriculum development; [cost = \$3,500]
2. Improved office coverage and school administration by reinstatement of a part-time summer secretary; [cost = \$773]
3. Exchange of instructional aide support from regular education to the special education self-contained program, as necessitated by student need. [No cost]

**UNCONTROLLABLE FACTORS** - Several costs beyond our control have had significant impact and, essentially, have required reduction or elimination of one or more educational program components to produce adequate funding levels. Noteworthy are:

1. A 350% increase in retirement rates; a \$54,950 increase;
2. Insurance rate increases which have been mitigated by alternative coverage;
3. Increased energy costs requiring conservation efforts.

### **REDUCTIONS** - We have taken the following steps to control costs:

1. Elimination of one full-time instructional position by not replacing a retiring teacher; the actual position and/or program to be curtailed have not been decided;
2. Elimination of a part-time classroom aide, of a proposed computer aide, and of ten hours per week for the library aide;
3. "Hold the line" budgeting of all instructional supplies, materials, and texts, (effectively a ten to fifteen percent reduction in these accounts, given normal increases in prices) and similar reductions/decreases in field trips and extra-curriculars;
4. Elimination of several repair and remodeling projects, such as painting the gym, repairing the intercom, replacing rugs, etc.;
5. Elimination of supplies on hand in the paper room, in the custodial department, and in the oil tank; no reserve supplies will exist for the '92-93 year;
6. Denial of requests for new or replacement equipment, such as new administrative computers, new office equipment for enrichment, special ed., and the library, new custodial equipment, etc.

**SUMMARY** - This budget has been carefully and thoughtfully prepared. We believe it will appropriately serve the children of North Hampton at the lowest possible cost to the taxpayer.

Respectfully,

The North Hampton School Board

February 13, 1991

The Board of Selectmen  
Town of North Hampton  
Atlantic Avenue  
North Hampton, NH 03862

Dear Sirs;

The Expenditure and Revenue Reports of the Town of North Hampton are presented for the six month period ended December 31, 1990.

Expenditure and Revenue Reports are strictly for analytical purposes only. The audited financial statements as of year end June 30, 1990 are included in the Annual Reports of the Town.

The Expenditure and Revenue Reports are on the modified accrual basis and do not include annual encumbrances.

The Revenue Report includes the account "1990 Property Committed", number 1302-0. The balance of \$2,068,745 represents the Town's portion of the 1990 Tax Warrant which was \$5,799,884. Fifty percent of these taxes were due in December of 1990 and the remaining half will be due June 3, 1991.

Respectfully Submitted,

Peter Secor  
Town Controller

REPORT OF THE  
TOWN OF NORTH HAMPTON  
PUBLIC WORKS DEPARTMENT

Summer maintenance consisted of patching of pot holes, grading shoulders, mowing parks, commons, trimming and grooming of roadsides and picking up litter.

Our paving program consisted of overlaying six roads and the ramp in front of the Fire Station.

The Public Works employees worked with Correll Associates, Architects and Contractors in building the driveway-parking lot between the Fire Station and Town Offices.

The parking lines were painted with the new paint machine that will be used in the future for stop lines, etc.

Through the Town's connection with 53-B we had the use of a brush chipper in hopes to expand the life of the brush dump.

We are still having problems with sign vandals plus rubbish dumpers, since the rules and regulations for waste disposal have gotten tougher.

Please call the Police Department or Public Works if you see anyone taking a sign or dumping trash.

Respectfully submitted,

  
Robert D. Strout  
Public Works Director

## REPORT OF THE CONSERVATION COMMISSION

We did not acquire any additional land last year. While real estate prices have eased somewhat it is still very expensive to purchase satisfactory land. We have, however, done fairly well in acquiring easements along the Winnicut River and more are in prospect.

Currently we are working on "mitigation" prospects. This is a relatively new concept whereby when the Department of Transportation needs to advance a highway through areas which are largely wetlands, they are constrained by the US Army Corps of Engineers and the Environmental Protection Agency which says that (1) they should "mitigate" what they are doing by correcting it in the same area, or (2) another area as close as possible, or (3) any area.

The case in point is US 101 running west from Hampton. This highway is exceptionally dangerous with 13 fatalities over the past few years along the stretch from Hampton to Epping - a two lane winding road. But in order to continue the modern divided highway that now exists from Epping west, DOT would have to pass through wetlands. In order to "mitigate" this they are seeking other projects. We have offered Little River Marsh and Bass Beach Marsh, both of which suffer from inadequate drainage. We are, however, dubious about the outcome as these projects would be expensive, in addition to which other towns have "caught on" to mitigation and are actively pursuing it.

We will be working on inventorying our natural resources next year as is requested in the Master Plan. This is somewhat more of an operation that appears at first sight, as it calls for an inventory of all lands in Town and will result in a Soils Map, another map describing what are farm lands, etc. When we get all through such a project we end up with land Conservation is desirous of obtaining - which is, of course, the same land developers want.

Our Brochure was published and is available at the Town Office. In addition we would like anyone interested in coming on our Board to leave their names at the Town Office. Our Board is constantly evolving and we need new faces.

Nelson J. Burge, Chairman  
R. A. Southworth, Secretary

## REPORT OF THE MOSQUITO CONTROL COMMISSION

Complexities of mosquito control go beyond mosquitoes and spraying. I use business management and politics more than entomology or pest control to perpetuate the mosquito control projects in the seacoast towns. I realized this fact eleven years ago, but continued to practice the scientific methods with my assistants.

The crew of 1990 was an execeptional group. Their pride, hard work, support and interest enabled me to survive this exceptionally stressful season. The core of the crew deserves special recognition for their outstanding work all season. They are: Bonnie McDermott, George Powell, Diana Eddins-Wiggin and Duncan McEachern. All four plan to return for another year. Thanks to these assistants, more acreage was sprayed last season than in previous years.

The insecticide sprayed on the salt marshes was the bacteria, Bacillus thuringiensis israelensis or Bti. This product has replaced our dependence upon organophosphate insecticides. The bacteria, Bti, is safe for fish, birds, mammals, including humans, frogs, amphibians and nearly all insects. I am very pleased with this product's performance and environmental safety.

Adulticiding, spraying adult mosquitoes with the truck mounted sprayer, received a great deal of television coverage last season due to the encephalitis problem in Massachusetts. Unlike the Malathion spraying conducted over the New Hampshire border, the town uses Resmethrin to control adult mosquitoes. Resmethrin, a synthetic botanical insecticide, is safer than the organophosphate Malathion. The Commission believed the switch to an environmentally favorable project was worth the added expense.

The mosquito control project experienced untimely changes during the 1990 season. The Rye Board of Selectmen refused to house the mosquito

control personnel or cut their paychecks. In November, this inconvenience would not be a hardship. However, in July, this was a major problem. After two emergency meetings with the Commissions in eight communities, solutions were found. The North Hampton Selectmen agreed to cut the paychecks and Stratham provided the office space. The mosquito control crew was very grateful to all the towns who offered their assistance during this stressful period.

Since July, concerns have arisen regarding workers' compensation. The source cutting payroll checks is responsible for paying the W/C bills and is liable for injuries sustained by any employee receiving one of these paychecks. An employee injured in Stratham will have an effect on the W/C rates paid by North Hampton. In order to solve this problem, Commissioners representing the eight towns voted to hire an independent business service to handle the payroll and bookkeeping. No one town will be liable for the entire project. Bove Business Services in Portsmouth has been chosen to provide these services.

The new office for the Seacoast Area Mosquito Control Project is on Bunker Hill Avenue in Stratham. The phone number is 778-3906. All inquiries or complaints will be handled at this office. If you would like your wetlands inspected for mosquito breeding, please contact me in March or April before the mosquitoes have hatched into the air. A crew will check the stagnant water for mosquito larvae and spray if needed. Your assistance will help everyone since mosquitos know no bountaries. If you do NOT want your property sprayed, call my office or write to: Mosquito Control, P.O. Box 46, Stratham, N.H. 03885. All requests will be honored.

## NORTH HAMPTON RECREATION COMMISSION

Thanks to the support of town residents at our March, 1990 town meeting, the North Hampton Recreation Commission has hired a part-time program director: Whitney Semple. She has begun to schedule a variety of recreation activities, including craft classes, a Wednesday morning walking club, aerobics, and afternoon art classes for children. Please take time to respond to the Recreation Survey included in the fall library newsletter, also available at town meeting, so that programs which interest you may be offered. All classes are offered pending full enrollment, so that our programs may experience self-funded growth at no additional charge to taxpayers. Because of our expanding programming, our expenses have grown, but our revenues to the town are more than double the added costs for the July 1990/June 1991 fiscal year.

In reviewing 1990, the Recreation Commission must thank retiring Commissioner Grant Seaverns for the beach parking which our seacoast town continues to enjoy. 257 permits sold for \$20 each allowed residents to use the 20 most northerly spaces at the North Hampton State Beach.

The Summer Recreation Program held for 6 weeks at the North Hampton Elementary School continues to be our most popular program. 246 children from Grades 1 to 8 registered this past summer for the variety of games, arts and crafts, and field trips. Our thanks to Co-directors Alison Murray and Kirsten Noone, and their dedicated staff for another successful summer. Six weeks of tennis lessons at Dearborn Park were also offered.

Adult volleyball for residents has been a very popular fall/winter program. Volleyball is offered two evenings per week in the North Hampton Elementary School gym; the first 18 adult residents to appear are welcomed, so come early if you're interested.

One of the functions of the Recreation Commission is the overseeing of Dearborn Park, the only town-owned recreation area. The town-built playground, tennis courts, and playing fields are enjoyed by all, and the Youth Association uses Dearborn, as well as Knowles Field and privately owned land,, for their youth soccer and baseball/softball programs. Our Highway Department has done an excellent job mowing the fields there. A future area of maintenance concern is tennis court crack repair and sealing of the parking lot.

In closing the Recreation Commission would like to thank the North Hampton School Board and Library for the continued use of their facilities for activity/meeting space, and the Library Friends for the quarterly town newsletter which offers all town groups space to publish information on upcoming events for residents.

## NORTH HAMPTON YOUTH ASSOCIATION

The North Hampton Youth Association is a non-profit organization of volunteers that provides team sport opportunities for the youth of North Hampton. It is our purpose to offer quality recreational experiences for as many youth as possible and for as long in their young lives as is wanted. This past year was a large success given the high percentage of the town's youth who participated and their seeming desire to return year after year.

In 1990, a softball team for older grade school girls was added and entered into league play. Similarly, the baseball program added a sixth team of Little League age boys to play in a newly expanded Seacoast Little League. Post season play was sought out and entered into to extend the baseball experience further into the summer. The soccer program was very well received and likewise expanded its upper level to provide a challenging level of play for young people up to the age of fourteen.

Numerous years have past since the Association directed a winter sports program. In that time young people 3<sup>rd</sup> grade and up who wanted to play basketball went to Hampton to participate in the well run HYA program. This year, acting on a felt need, our youth association began offering an introduction to basketball program for kindergarten through second grade youngsters. On relatively short notice, in excess of 35 are now participating.

At Knowles Field, which is the NHYA recreation area, located off of Birch Road, improvements continue. Site work, to bring more of the property into use, has been ongoing. A safer and easier access from Birch Road, the installation of power lines for lighting, and communication lines to the Town Ambulance Service are projects on the agenda for the upcoming year.

The NHYA would like to thank the many individuals and businesses who have in any way volunteered their time, their expertise, or their financial support to the youth of North Hampton. Involvement by many and varied persons is important and most satisfying. Volunteers are always needed. Please feel free!

## REPORT OF LAMPREY HEALTH CARE

Lamprey Health Care provides a variety of services to residents of North Hampton, New Hampshire.

The Senior Citizen Transportation Program operated by Lamprey Health Care is one of the most important services provided to residents of the area. The busses provide necessary transportation for food shopping, for medical appointments, the pharmacy and for recreational trips. Residents are picked up at their homes and are assisted with bundles and with shopping if necessary. The Senior Transportation Program is affiliated with COAST.

Four of the five busses operated by this program are handicapped accessible. Special appointments which cannot be incorporated into the specific routes serving your area are arranged through the Transportation Coordinator and a group of volunteers. The Program almost operates as a "Friendly Callers" program in that the seniors who ride are in contact with the program, and if not, they are checked on to be sure that everything is all right. The Transportation Health Workers (Drivers) from the program also do necessary errands for their riders if they are unable to do them due to illness, etc. This program does a great deal toward keeping our elderly population healthy, independent and in their homes.

The medical services provided by Lamprey Health Care include primary medical care, health promotion and education and social services. Lamprey Health Care opened a new medical facility in Newmarket in 1989. Our increased capacity allows Lamprey Health Care to serve the residents of our local area in a timely and efficient manner. The Raymond Center which opened in 1986 serves the communities in the more westerly part of Rockingham County. Staffing for both Centers includes five Board Certified Family Physicians, one Pediatrician, and one Obstetrician/Gynecolo-

gist. A Certified Physician's Assistant, three Nurse Practitioners and a support staff of Registered and Licensed Practical Nurses and Community Health Workers round out the medical team. Medical care provided includes prenatal care, adult medicine and geriatric medicine, as well as, screenings and follow up for various medical conditions.

Lamprey Health Care has a primary mission to provide for the total health needs of the residents of our service area. From prenatal to geriatric care and from primary health to transportation for seniors and information and referral through the Rockingham County Info-Center and Tel-Med Health Information, we take great pride in the services provided to the communities we serve. The support of the communities served by Lamprey Health Care is critical to the continuation of our services.

We appreciate the continued support of your community.

Sincerely,

Ann H. Peters  
Executive Director

**ANNUAL REPORT OF THE  
SEACOAST VISITING NURSE ASSOCIATION**

Seacoast Village  
29 Lafayette Road  
(Tel. 964-2066)  
North Hampton, N.H. 03862

Our fiscal year runs through June of 1990 and, during that time, of the 12,033 total calls we made, 2,423 were made to residents of North Hampton.

Of these calls, 633 visits were made to 162 patients free of charge or at a reduced fee. Skilled nursing services are available twenty-four hours a day, seven days a week. No call is ever refused due to monetary consideration.

At present, 14 children from North Hampton are enrolled in our Well Child Clinic. Funding for these services is provided, in part, through the New Hampshire Division of Public Health Services, Bureau of Maternal and Child Health. Well Child Clinics are held twice a month to serve children from birth to six years of age from families who meet federal income guidelines (O.M.B.). Services provided include: physical exams, immunizations, lead and anemia screenings, vision and hearing developmental assessments, nutritional guidance, and referrals made to special medical services, when indicated. Dental Clinics, staffed by Dental Hygienists from the State of New Hampshire Dental Bureau, are held twice a year for children, ages three to six years old. Further treatment, when needed, is provided by local dentists with reimbursement through the Bureau of Dental Health. However, as of July 1, 1990 the Dental Clinics have been discontinued as the State has no funding for this program. The school nurse may send children to our office at no charge during the school year if the students' immunizations need to be updated as required by law. Our agency has developed a Toddler Car Seat Program, whereby a car seat may be borrowed for short-term use or for as long as two years for a small rental fee.

Daily between 8:00 a.m. and 4:00 p.m. a walk-in service is available to all North Hampton residents at our office in Seacoast Village, 29 Lafayette Road, North Hampton, for free blood pressure screenings, health assessment, medication counseling and nutritional education. This past year we had 97 North Hampton residents make 307 visits to our office for injections, diabetic teaching, blood drawings, blood pressure monitoring, etc. Flu Clinics are held each Fall in our office, as well as at local health fairs on request. Vaccine is also provided for homebound patients. A Basic Foot Care Clinic was implemented in April, 1987, and has been well received by residents of North Hampton. During the past fiscal year, 29 residents made 130 visits to the Foot Care Clinic. Anyone sixty years of age and older, or individuals unable to perform own foot care due to visual problems, difficulty with manual dexterity, etc., are eligible for these Clinics. Individuals with Diabetes or circulatory problems will require physician's approval for participation. This service is by appointment only and at a minimal fee.

Cholesterol Screening Clinics are held bi-monthly in our office on an appointment basis and at a minimal fee. Also, Respite Care is available. This service provides needed relief for relatives of homebound patients in blocks of two-hour intervals.

Our staff consists of five (5) full time Registered Nurses, five (5) part time Registered Nurses, two (2) Physical Therapists, one (1) Occupational Therapist, one (1) Speech Therapist, one (1) full time Home Health Aide, three (3) part time Home Health Aides, a secretary and a bookkeeper. We also contract with Area Homemaker/Home Health Agency which enables us to refer local residents for homemaker assistance.

Funding cuts at Federal, State and local levels have compromised our agency's ability to serve everyone in need; however, in order to continue to provide the same high quality care to residents of

this area, your contribution to our agency expenses is a vital resource to our successful delivery of home nursing care in North Hampton. Therefore, on the advice of our accountant, the Board of Directors of Seacoast Visiting Nurse Association has voted to maintain our request to each town at the same per capita rate as last year.

## SEACOAST HOSPICE

Seacoast Hospice is an organization dedicated to promoting the quality of life for the terminally ill patient and supporting the family through the process of illness and bereavement. It is a non-profit agency committed to providing hospice care to those who request it, without regard to their ability to pay. Founded in 1978 to meet the needs of the dying and their families, it believes that persons with a life-limiting illness should as far as possible, be allowed to choose the way they spend the remaining part of life.

Hospice realizes that most people who are ill may prefer to remain in the security of their own home surrounded by loved ones and friends, and try to make that possible for as long as possible for as long as the patient and family wish. The organization places a high priority on pain relief and symptom control allowing patients to live as fulfilling and comfortable a life as possible. Everyone connected with Hospice honors the fact that each person has individual values and needs, and therefore dignity, integrity and personal choices are respected.

A comprehensive program is available offering a full range of services with a team approach; the patient's physician, a nurse, social worker, clergy, and specially trained volunteers. Assistance is available 24 hours a day, seven days a week. Programs for bereaved adults and children, a Loan Closet containing electric hospital beds, wheelchairs, etc. a speakers' bureau, in-service training programs, and a lending library and information concerning area support and national Hospice programs are all available to the Seacoast community.

Since hospice does not refuse services based on personal resources, there is always a need for additional funding. We welcome volunteer help and monetary contributions to cover our costs. The support we receive from the communities we serve is greatly appreciated.

Respectfully Submitted,

Nancy B. Chase

## REPORT OF THE HIGHWAY SAFETY COMMITTEE

This was a relatively quiet year for the Committee. The major issues that confronted us dealt with parking on, or too close to the highways, signage and dangerous intersections.

We also made our numerous concerns known to the Planning Board particularly in the design of new buildings to be serviced by trailer trucks and making sure there is ample turning available on site. Some of the existing facilities may only have deliveries made by backing into the complex from Route 1, a very dangerous situation to on coming motorists.

The situation at the school has improved, but only because our Police Department has had to station an officer there during the hours when students are arriving and departing. Without this show of authority, some very few parents still seem to believe the rules are for the other parents and not for them. The Police are ticketing those who do not obey the one-way signs or the hours of egress to the driveway. The rules were drafted for the safety of the children and to avert a tragedy.

The Committee, under State and Federal Statute, is responsible for recommending safety equipment for installation on our emergency vehicles. These recommendations, if accepted by the State, are entitled to partial funding. As in the past, we have taken full advantage of our share and obtained funds for radar equipment, etc.

If any of the citizens have highway concerns, we welcome your participation at our meetings, times of which are posted at the Town Office.

Respectfully Submitted,

Robert J. Dunkle  
Chairman

REPORT OF THE  
TOWN OF NORTH HAMPTON  
RECYCLING COMMITTEE

As we opened our doors on November 22, 1989, no report was made last year.

This year we have been moving rapidly and many changes have come about. We began our collecting with containers from BFI and now have a building measuring 40' by 80' erected by all volunteer labor. This building houses our operation which is efficiently run by the Center Manager, Walter Nordstrom.

We have put out five newsletters, found purchasers for plastic, cardboard, aluminum, glass and returnables. We began with 20% town participation and now estimate 50%. This is difficult to measure as many people do not come every week.

We began our project with 41 volunteers delivering 900 blue boxes to an equal number of households. Fifteen hard-working volunteers have grown to 48 dedicated people who help Walter at the Center. We have applied for and received \$1,575.82 in grants. We started with five Committee members, lost two, gained two more and are now back to our original five. We began autonomous and now come under the Highway Department where we work closely with Bob Strout.

As of December, 1990 approximately 70 tons of recyclables have not gone into the landfill. At a cost of \$47.00 per ton to dispose of this waste, this is a substantial savings to our town.

Although there is still much to do, the Committee has accomplished a great deal and we look forward to considerable progress next year.

Respectfully submitted,

Dick Wollmar  
Chairman, Recycling Committee

**SOUTHEAST REGIONAL REFUSE  
DISPOSAL DISTRICT 53-B**

**EXERPTS FROM ANNUAL REPORT**

**DECEMBER 1989 - DECEMBER 1990**

In January, 1990, the District entered into a lease for office space at 86 Lafayette Road, North Hampton, NH and hired an Administrative Assistant.

At the District's Committee meeting of February 22, 1990, the members voted to enter into a contract for ultimate disposal of municipal solid waste with Waste Management of New Hampshire.

\* A twenty-five year contract of five five-year agreements of guaranteed disposal capacity;

Highlights include:

- \* A flexible start date for member communities;
- \* A tipping fee of \$47.50 per ton escalating on an annual basis with the consumer price index;
- \* Guaranteed disposal capacity to include expansion for new members of the 53-B District.

The contract was signed on March 7, 1990. Brentwood and Fremont began shipping to the Turnkey Facility in Rochester, NH in July 1990, New Castle will begin in December and other Member Towns have shipping dates ranging from 1991 to 1993.

The Recycling Committee established a District Grant Program for education and public relations. Brentwood, Fremont, Hampton, Hampton Falls, Kensington, North Hampton and Sandown applied for, and received grants which totaled \$11,028.18.

The Recycling Committee worked with SEA Consultants, Inc. to study and make recommendations for a Recycling Facility to be located at the Fremont landfill site. After evaluating the proposals, options were presented to the Operating Committee

on November 1, 1990. That Committee moved to forward to the District Committee the motion that the District build the facility at the Fremont site and contract with an independent contractor the operation of the facility. If approved by the District Committee, the new year will begin with this scenario moving forward.

Household Hazardous Waste is an ongoing issue for the Recycling Committee. This year a sub-committee was appointed to study the challenges of, and possible solutions to, the household hazardous waste problem.

After studying all the information which had been generated by consultants for the District in previous years, the Landfill Committee decided that, with the signing of the contract with Waste Management of New Hampshire, no further studies will be conducted regarding a District owned landfill at this time.

The Septage Committee oversaw a comprehensive study of the Hampton Waste Water Treatment Plant conducted by Underwood Engineers, Inc. This study focused on the feasibility of and the ability of the HWWTP to handle septage from the 53-B Member Towns who are members of the Septage portion of the District. When the study was completed, with favorable results, the committee recommended that negotiations for an Agreement with the Town of Hampton begin.

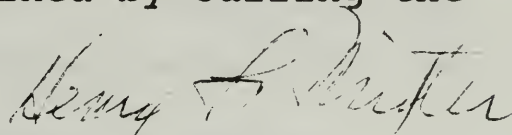

Walter Hill of South Hampton was appointed chairman of the newly formed Liaison Committee. This committee will be organizing and working in the coming year to establish stronger relationships with the Boards of Selectmen in the member municipalities, and improving communications with other 149-M towns.

The District owned brush/wood chipper is used regularly by several member municipalities. The chipper will be delivered and picked up at no charge to the member municipalities. The use of the chipper may be scheduled by calling the Dis-

trict Office or the Hampton Department of Public Works.

The District has an agreement with Waste Not, Inc. for stump grinding and wastewood/wood demolition disposal. This service is located at the Town of North landfill and is available to all member municipalities. It operates three days per week and a fee is charged for the use of the service. Further information may be obtained by calling the District Office.

North Hampton, New Hampshire 03862

We have audited the accompanying general purpose financial statements of the Town of North Hampton, New Hampshire as of June 30, 1990, and for the eighteen months then ended. These general statements are the responsibility of the Town of North Hampton, New Hampshire. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the combined financial statements referred to above, do not include property, plant or equipment asset balances and corresponding depreciation accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of North Hampton, New Hampshire at June 30, 1990, and the results of its operations and its cash flows for the eighteen months then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Town of North Hampton, New Hampshire. The information in these schedules has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

TOWN OF NORTH HAMPTON  
Notes to Financial Statements  
Eighteen Months Ended June 30, 1990

**Note (1) Summary of Significant Accounting Policies**

The Town of North Hampton was incorporated in the year 1742. The town operates under a town meeting form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, education, public improvement, planning and zoning, general and administrative services.

The accounting policies of the Town of North Hampton conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

**Fund Accounting**

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into seven generic fund types and three broad fund categories as follows:

**GOVERNMENT FUNDS:**

**General Fund** - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

**Capital Projects Funds** - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds, and trust funds).

**FIDUCIARY FUNDS:**

**Trust and Agency Funds** - Trust and Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include Expendable Trust, Nonexpendable Trust, and Agency funds. Nonexpendable Trust Funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical.

TOWN OF NORTH HAMPTON  
Notes to Financial Statements  
June 30, 1990

**Note (1) Summary of Significant Accounting Policies (continued)**

Fund Accounting (continued)

Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations

Property, Plant and Equipment

Property, plant and equipment acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to acquire general fixed assets and/or debt payments on borrowing in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require separate fixed asset grouping of accounts.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income and gross receipts are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: 1.) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and, 2.) principal and interest on general long term debt which is recognized when due.

All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

**Note (1) Summary of Significant Accounting Policies (continued)**

Budgets and Budgetary Accounting

The Town has elected to be covered under the State of New Hampshire Municipal Budget Act and follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to March 1, the Town Selectmen submit to the Budget Committee a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearing are conducted at locations throughout the town to obtain taxpayer comments.
3. Prior to April 1, the budget is legally enacted through passage of a town warrant.
4. The elected town officials are authorized to transfer budgeted amounts between departments within Governmental Funds; however, any revisions that alter the total expenditures of any fund must be approved by a Town Meeting.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Capital Projects Funds. Formal budgetary integration is not employed for Debt Service Funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.
6. Budgets for the General, Special Revenue, and Capital Project Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Encumbrances

Encumbrance accounting, under which purchase orders contracts, and other commitments for the expenditure on monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Funds, and Capital Projects Funds. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

Investments

Investments are stated at cost or amortized cost, which approximates market.

TOWN OF NORTH HAMPTON  
Notes to Financial Statements  
June 30, 1990

**Note (1) Summary of Significant Accounting Policies (continued)**

Inventory

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the General Fund consists of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Amounts

Accumulated unpaid vacation, sick pay, and other employee benefit amounts are not accrued in governmental funds (using the modified accrual basis of accounting).

Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Town's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

Total Columns on Combined Statements - Overview

Total columns on the Combined Statements - Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**Note (2) Property Tax**

Property taxes attach as an enforceable lien on the property as of January 1. For the eighteen month fiscal year ended June 30, 1990, the taxes were levied on June 5, and payable in three installments June 5, December 3, and June 1.

Property tax revenue recognition requires disclosure if property taxes receivable, which are to be collected beyond a

period of 60 days subsequent to June 30, 1990, are recognized on the balance sheet and not reserved. The Town of North Hampton recognized, without reserve, all taxes receivable at the end of the fiscal year. This accrual practice is consistent with other New Hampshire municipal entities and more appropriately matches the inability to the school district and other agencies at June 30, 1990, with collections intended for school district and agency payments.

Property taxes collected by the Town include taxes levied for the following governmental units as require by law. The town is responsible for all collections. Amounts committed to the Town by the State of New Hampshire Department of Revenue Administration were:

Town of North Hampton	\$ 2,342,932
Little Boars Head District	11,266
School Districts	3,076,649
Rockingham County	<u>316,604</u>
Total 1989-90 Tax Levy	<u>\$ 5,747,451</u>

The Town raises revenue through taxation for abatements and refunds of property and resident taxes by an amount set as overlay. The tax overlay for 1989-90 was \$33,696, abatements amounted to \$17,011, and underbillings amounted to \$95,556.

**Note (6) Retirement System**

Several members of the Police Department, Fire Department, Highway Department, and Town Office are members of the New Hampshire Retirement System. Under this plan, participants contribute annually a percentage of compensation which is fixed by law. The Town's contribution rate for normal cost of the plan is based upon an actuarial valuation of the state plan as of June 30, 1990, at varying rates by occupation. Since the valuation is based on the entire state plan, the amount of excess vested benefits over fund assets is

**Note (6) Retirement System (continued)**

undeterminable for the Town. The Town has no past service cost obligation.

**Note (7) Other Required Individual Fund Disclosures**

Generally accepted accounting principles require disclosure, as part of the Combined Statements Overview, of certain information concerning individual funds including:

- A. Summary disclosures of debt service requirements to maturity for all types of outstanding debt. This requirement is met by note 5.
- B. Summary disclosures of changes in general long term debt. This requirement is met by note 5.
- C. Excesses of expenditures over appropriations in individual funds. Capital projects expenditures in progress for the building of a police station were \$50,910. This expenditure was approved by the town meeting for the 1990-91 fiscal year on March 13, 1990.

**Note (8) Deferred Revenue**

As the result of an eighteen month fiscal period ended June 30, 1990, the Town received additional funds from the State of New Hampshire Revenue Sharing Block Grants. These amounts are for the fiscal period July 1990 to June 30, 1991. Expenditures for the eighteen month period were equal to the amounts received as revenue.

**Note (9) Contingent Liabilities**

During 1984 the Town of North Hampton was identified by the State of New Hampshire and the United States Environmental Protection Agency as a potentially responsible party in relation to clean-up costs resulting from the contamination of a landfill site located within the Town. There are several other potentially responsible parties.

As of our audit date, the United States Environmental Protection Agency issued its record of decision for estimated clean up costs in the amount of \$20,000,000. The Town has been requested, with other responsible parties, to voluntarily participate in the clean up costs and the Agency has demanded reimbursement for costs incurred to date in the

amount of \$1,225,000 from all responsible parties. The Town's participation in the clean up of the site is likely and claims against the Town from the contamination are probable.

The Town has commenced legal action against prior insurance companies for remedy against the above stated potential liability.

The future costs to the Town concerning the above actions, as of audit date, are unpredictable. If claims are asserted, and judgements are adverse to the Town it is reasonable to anticipate that the effect on the Town's financial position would be significant.

## REPORT FROM THE SUPERINTENDENT OF SCHOOLS

I am extremely pleased to submit this Superintendent's Annual Report for the North Hampton School District. This year has been one of transition for Sau #21 and North Hampton with the retirement of Superintendent of Schools Dr. Norman C. Katner and my arrival in July. Dr. Katner contributed much to the improvement of education throughout the SAU and will be sorely missed.

The North Hampton Elementary continues its march toward lighthouse status with the second year of its Strategic Plan focusing upon increased community involvement in all school programming. A very successful series of parent workshops dealt with a wide range of topics including mathematics and enrichment. The school's Release Day Program continued with increased emphasis upon life skills and mathematics. While all academic areas moved forward, special emphasis could plainly be seen in study skills areas and in mathematics and science. The SAU-wide science coordinator spent time in North Hampton and helped arrange a well-received workshop on The Thinking Skills Classroom by Nashua teacher Michael St. John. Returning to North Hampton Elementary School this year was a Foreign Language Program which attempted to share language and culture with all grades while at the same time preparing students to enter advanced French classes in high school. Thanks to a gift from a community member, the inhouse Community Skills Program was created for some special needs students.

The spring was darkened by the tragic loss of long-time teacher Jan Lurvey. Ms. Lurvey's passing while tragic was the first opportunity for the school to implement its newly devised Crisis Plan. This plan, helped both students and staff come through this very difficult time without overwhelming sadness.

North Hampton Elementary School and SAU #21 attempted this year to create a unified vision for the future. This vision includes not only the teaching of basic skills but also the molding of students as creative thinkers and problem-solvers. As we move forward into the 21st Century, our goal is a well-rounded caring student who views life as a learning experience. North Hampton Elementary has done much for the children of the community and is approaching its full potential as a lighthouse of educational excellence. The community can be proud of its achievement.

Respectfully submitted,

James H. Weiss, Ed.D.  
Superintendent of Schools

# **REPORT OF THE PRINCIPAL NORTH HAMPTON ELEMENTARY SCHOOL JANUARY 1991**

1990 was another excellent year for the students and staff of North Hampton Elementary School. On behalf of the School Board, staff, and students, I am pleased to welcome our new Superintendent, Dr. James H. Weiss. His presence and his energetic, positive approach has provided us all a refreshing new outlook.

After a 15 year hiatus, foreign languages have reappeared as part of the NHES program. Mrs. Faith Day, our newest staff member, provides an exploration of several languages and cultures in 6th and 8th graders and a formal French IA program for 7th graders. In addition, every student in school will have opportunities to work with Mrs. Day as she assists lower grade teachers with language and social studies units.

North Hampton Elementary School continues to maintain its reputation as one of the finest elementary schools in the state and region. During the past year, our program, staff, and students have received recognition in numerous ways:

- our 7th and 8th grade English teacher, Mrs. Karen Weinhold, was selected as the University of New Hampshire's New Hampshire Educator; as such, Karen is on leave at present serving as mentor and teacher to interns and teachers-in-training at UNH;
- an on-site evaluation by the New Hampshire Department of Education of our special education programs confirmed the previous year's independent evaluation and found our services and approach to be highly commendable and in the best interests of children; Mr. Wigode and his outstanding staff deserve congratulations;
- a generous donation from a North Hampton citizen has facilitated the transformation of a half-classroom at the school into a large, home-style kitchen, a facility which serves as the laboratory/classroom for our new Community Skills program and for special units for every class and grade in school; for this generous gift, we are most grateful;
- in our first year as participants in the state Invention Convention program, one of the offerings of our Enrichment program under the direction of Pat Cushing, one of our students, then-kindergartener Matthew Ganotis, garnered first place for his grade level;

- our students again scored at the highest levels on regional, state, and national achievement tests; an unprecedented number of students have qualified to participate in the selection process for the Johns Hopkins University Creative and Talented Youth Program;
- our Life Skills program, coordinated by Debra Vasconcellos, has become even more comprehensive as we have adopted Project DARE (Drug and Alcohol Resistance Education), a program taught by the New Hampshire State Police; we are indebted to the State Police and also to the Fuller Foundation, which has assisted with a grant to NHES to for the support of our drug and alcohol education efforts, including Project DARE;
- our students routinely distinguish themselves on athletic fields and floors, in musical and dramatic productions, and in artistic endeavors.

We have several topics which are receiving on-going attention from the staff this year. A major topic is the review of our curriculum and instructional practices in the area of mathematics education. A portion of the staff is currently engaged in a series of workshops designed to help us provide students with better information-gathering and study skills. Last year's efforts in science education are continuing as we implement the interdisciplinary science units developed, and make use of SAU #21's science education facilitator, Mr. Mark Schwartz. Another group of teachers has been reviewing the English language arts curriculum. In addition, staff committees meet regularly to assess our school's organization and to recommend alternatives and changes.

A year ago I referred to the North Hampton School Board's Strategic Plan, a document which lays out a vision of where we would like to be as a school and a framework of key factors which must be achieved to reach that goal. That document continues to be a driving force in the long- and short-range planning of the Board and administration. As I noted, the Plan calls for active participation of all citizens in the life of our school. You are cordially invited to visit YOUR school at your convenience. We are always delighted to give tours, but we are really thrilled to welcome volunteers! On behalf of everyone at NHES, I thank those who already contribute their time.

As always, our school has received the wonderful assistance and support of the Boosters, a dedicated group of parents and friends who provide volunteers, fund-raising and enthusiastic encouragement for all kinds of events...social, educational, service, and entertaining. NHES

would not be the same without them.

I would be remiss not to note the retirement of two valued members of the North Hampton staff, Mr. Wally Brown and Mr. George Ajemein. Their years of service to the town and school are greatly appreciated.

Respectfully submitted,

Gordon P. Quimby, Principal

# **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of the School Board  
North Hampton School District  
North Hampton, New Hampshire

We have audited the accompanying general purpose financial statements of the North Hampton School District and the individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the North Hampton School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.
